*Be it enacted by the Senate and House of Representatives in General Court convened:*

Maximum and minimum sentences to be fixed.

SECTION 1. When a convict is sentenced to the state prison otherwise than for life, or as an habitual criminal, the court imposing the sentence shall not fix the term of imprisonment, but shall establish a maximum and minimum term for which said convict may be held in said prison. The maximum term shall not be longer than the longest term fixed by law for the punishment of the offense of which he is convicted, and the minimum term shall not be less than the minimum sentence now provided by law.

Release of convict on permit.

SECT. 2. Any convict, sentenced as aforesaid, whose record of conduct shows that he has faithfully observed all the rules of said prison, and has not been subjected to punishment, shall be entitled to release from said prison upon the expiration of the minimum term of his sentence, and he shall then be given a permit to be at liberty therefrom during the unexpired portion of the maximum term of his sentence. Said permit shall be issued by the governor and council upon such terms and conditions as they shall establish. Any convict whose record of conduct shows that he has violated the rules of said prison may be given a like permit at such time as the said governor and council shall determine after the expiration of the minimum term of his sentence. *Provided*, that the governor and council shall issue no permit for release under this section unless there shall appear to them to be a reasonable probability that the convict to be released will remain at liberty without violating the law and will conduct himself as a good citizen; and *provided, further*, that one of the terms of the permit in each case shall be that the released prisoner shall remain in the legal custody of the parole officer hereinafter provided for, to whom said released prisoner shall report at least once each month and as much oftener as the governor and council shall determine to be proper.

SECT. 3. The chaplain of the state prison for the time being is hereby constituted parole officer, whose duty it shall be to have the legal custody of all convicts released upon parole until they receive their final discharge or are remanded to prison. He shall be sworn to the faithful performance of his duties as such parole officer. He shall receive for his services as parole officer a salary of two hundred dollars (\$200) per annum, together with the necessary and reasonable expenses actually incurred by him in the performance of his duties as such officer, to be paid quarterly out of the money in the state treasury not otherwise appropriated upon the warrant of the governor. Where it is practicable, the parole officer shall find in advance suitable employment for each paroled convict to enter upon at the time of his release. The parole officer shall require from paroled convicts monthly reports, and such more frequent reports as may be provided for by the terms of their several releases. He shall, at least once in three months, and oftener if thereto required by the governor and council investigate the conduct of all paroled convicts, and where practicable shall frequently see paroled convicts. He shall constantly encourage and assist paroled convicts in their efforts to conduct themselves as good citizens, and, when they are out of work and it is practicable, shall aid them in getting suitable employment. He shall keep a record of all his doings and shall report thereon to the governor and council quarterly and oftener when by them required.

Parole officer,  
duties and  
salary.

SECT. 4. When it appears to the parole officer that any convict, released from the state prison on a permit from the governor and council under the provisions of section 2 of this act, has violated the terms of his permit or has violated the law, or has fallen among criminal companions, it shall be the duty of said parole officer to make a sworn complaint before a justice of the peace setting forth the facts. Upon such sworn complaint any justice of the peace may issue his warrant for the arrest of the paroled convict, who may then be taken by any sheriff or his deputy or any constable or police officer before any justice of the superior court in term time or vacation. Said convict may be remanded to jail to await the determination of the proceedings and may employ counsel in such proceedings. The parole officer shall be entitled to the assistance at the hearing of the attorney-general or of the solicitor for the county in which the hearing shall be had.

Complaint  
against  
paroled  
convict.

SECT. 5. If said justice upon hearing finds that the facts set forth in said complaint are substantially true and that the public good requires the remanding of the released convict to the state prison, the same shall be certified to the governor and council, who

Remanding  
paroled  
convict.

shall revoke the permit, and the sheriff upon receiving notice of said revocation shall recommit said convict to the state prison.

Effect of  
remandment.

SECT. 6. A convict so recommitted shall serve the remainder of his maximum sentence and in computing the period of his confinement the time between his release upon permit and the time of his return to prison shall not be considered as any part of the term of his original sentence.

Information  
to parole  
officer.

SECT. 7. The county solicitors, the sheriffs and their deputies, and the police departments of the several cities shall, upon the request of the parole officer, furnish to the latter such information as they may possess relative to the conduct of paroled convicts and such reasonable assistance as he may require in his investigations.

If convict  
held on two  
or more  
sentences.

SECT. 8. When a convict is committed to or held in the state prison upon two or more sentences imposed as provided in this act, he shall be eligible to receive permit as authorized in section 2, when he has served a term equal to the aggregate of the minimum terms of the several sentences, but he shall be subject to all the provisions of this act, until the expiration of a term equal to the aggregate of the maximum terms of said sentences.

Final dis-  
charge of  
paroled  
prisoner.

SECT. 9. Upon the expiration of the term of his maximum sentence as herein provided, a paroled prisoner shall be entitled to receive a final discharge, *provided* that, at the time of such expiration, no proceedings are pending for his recommitment. Such proceedings shall be deemed to be pending when a warrant has issued as provided for in section 4 of this act.

Repealing  
clause; act  
takes effect  
on passage.

SECT. 10. Chapter 58 of the session Laws of 1901 and chapter 67 of the session Laws of 1905 and all other acts and parts of acts inconsistent with this act are hereby repealed. This act shall take effect upon its passage.

*Be it enacted by the Senate and House of Representatives in General Court convened:*

NEGOTIABLE INSTRUMENTS IN GENERAL.  
FORM AND INTERPRETATION.

SECTION 1. An instrument to be negotiable must conform to the following requirements:

1. It must be in writing and signed by the maker or drawer;
2. Must contain an unconditional promise or order to pay a sum certain in money;
3. Must be payable on demand, or at a fixed or determinable future time;
4. Must be payable to order or to bearer; and

Negotiable instrument, requisites of.

5. Where the instrument is addressed to a drawee, he must be named or otherwise indicated therein with reasonable certainty.

SECT. 2. The sum payable is a sum certain within the meaning of this act, although it is to be paid:

Sum payable,  
when sum  
certain.

1. With interest; or
2. By stated installments; or
3. By stated installments, with a provision that upon default in payment of any installment or of interest, the whole shall become due; or

4. With exchange, whether at a fixed rate or at the current rate; or

5. With costs of collection or an attorney's fee, in case payment shall not be made at maturity.

SECT. 3. An unqualified order or promise to pay is unconditional within the meaning of this act, though coupled with:

Promise to pay  
unconditional,  
when.

1. An indication of a particular fund out of which reimbursement is to be made, or a particular account to be debited with the amount; or

2. A statement of the transaction which gives rise to the instrument.

But an order or promise to pay out of a particular fund is not unconditional.

SECT. 4. An instrument is payable at a determinable future time, within the meaning of this act, which is expressed to be payable:

Instrument  
payable at  
determinable  
future time,  
when.

1. At a fixed period after date or sight; or

2. On or before a fixed or determinable future time specified therein; or

3. On or at a fixed period after the occurrence of a specified event, which is certain to happen, though the time of happening be uncertain.

An instrument payable upon a contingency is not negotiable, and the happening of the event does not cure the defect.

SECT. 5. An instrument which contains an order or promise to do any act in addition to the payment of money is not negotiable. But the negotiable character of an instrument otherwise negotiable is not affected by a provision which:

Promise to  
do act not  
negotiable.

1. Authorizes the sale of collateral securities in case the instrument be not paid at maturity; or

2. Authorizes a confession of judgment if the instrument be not paid at maturity; or

3. Waives the benefit of any law intended for the advantage or protection of the obligor; or

4. Gives the holder an election to require something to be done in lieu of payment of money.

But nothing in this section shall validate any provision or stipulation otherwise illegal.

Facts not affecting validity or negotiability.

SECT. 6. The validity and negotiable character of an instrument are not affected by the fact that:

1. It is not dated; or
2. Does not specify the value given, or that any value has been given therefor; or
3. Does not specify the place where it is drawn or the place where it is payable; or
4. Bears a seal; or
5. Designates a particular kind of current money in which payment is to be made.

But nothing in this section shall alter or repeal any statute requiring in certain cases the nature of the consideration to be stated in the instrument.

Instrument payable on demand, when.

SECT. 7. An instrument is payable on demand:

1. Where it is expressed to be payable on demand, or at sight, or on presentation; or
2. In which no time for payment is expressed.

Where an instrument is issued, accepted, or indorsed when overdue, it is, as regards the person so issuing, accepting, or indorsing it, payable on demand.

Payable to order, when.

SECT. 8. The instrument is payable to order where it is drawn payable to the order of a specified person or to him or his order. It may be drawn payable to the order of:

1. A payee who is not maker, drawer, or drawee; or
2. The drawer or maker; or
3. The drawee; or
4. Two or more payees jointly; or
5. One or some of several payees; or
6. The holder of an office for the time being.

Where the instrument is payable to order the payee must be named or otherwise indicated therein with reasonable certainty.

Payable to bearer, when.

SECT. 9. The instrument is payable to bearer:

1. When it is expressed to be so payable; or
2. When it is payable to a person named therein or bearer; or
3. When it is payable to the order of a fictitious or non-existing person and such fact was known to the person making it so payable; or
4. When the name of the payee does not purport to be the name of any person; or
5. When the only or last indorsement is an indorsement in blank.

Terms of instrument.

SECT. 10. The instrument need not follow the language of this act, but any terms are sufficient which clearly indicate an intention to conform to the requirements hereof.

SECT. 11. Where the instrument or an acceptance or any indorsement thereon is dated, such date is deemed *prima facie* to be the true date of the making, drawing, acceptance, or indorsement as the case may be.

Dates *prima facie* true.

SECT. 12. The instrument is not invalid for the reason only that it is ante-dated or post-dated, *provided* this is not done for an illegal or fraudulent purpose. The person to whom an instrument so dated is delivered acquires the title thereto as of the date of delivery.

Not invalid if ante-dated or post-dated.

SECT. 13. Where an instrument expressed to be payable at a fixed period after date is issued undated, or where the acceptance of an instrument payable at a fixed period after sight is undated, any holder may insert therein the true date of issue or acceptance, and the instrument shall be payable accordingly. The insertion of a wrong date does not avoid the instrument in the hands of a subsequent holder in due course; but as to him, the date so inserted is to be regarded as the true date.

Insertion of date.

SECT. 14. Where the instrument is wanting in any material particular, the person in possession thereof has a *prima facie* authority to complete it by filling up the blanks therein. And a signature on a blank paper delivered by the person making the signature in order that the paper may be converted into a negotiable instrument operates as a *prima facie* authority to fill it up as such for any amount. In order, however, that any such instrument when completed may be enforced against any person who became a party thereto prior to its completion, it must be filled up strictly in accordance with the authority given and within a reasonable time. But if any such instrument, after completion, is negotiated to a holder in due course, it is valid and effectual for all purposes in his hands, and he may enforce it as if it had been filled up strictly in accordance with the authority given and within a reasonable time.

Completing by filling blank.

SECT. 15. Where an incomplete instrument has not been delivered it will not, if completed and negotiated, without authority, be a valid contract in the hands of any holder, as against any person whose signature was placed thereon before delivery.

Same subject.

SECT. 16. Every contract on a negotiable instrument is incomplete and revocable until delivery of the instrument for the purpose of giving effect thereto. As between immediate parties, and as regards a remote party other than a holder in due course, the delivery, in order to be effectual, must be made either by or under the authority of the party making, drawing, accepting or indorsing, as the case may be; and in such case the delivery may be shown to have been conditional, or for a special purpose only, and not for the purpose of transferring the property in the instrument. But

Contract revocable until delivery; valid delivery how made.

where the instrument is in the hands of a holder in due course, a valid delivery thereof by all parties prior to him so as to make them liable to him is conclusively presumed. And where the instrument is no longer in the possession of a party whose signature appears thereon, a valid and intentional delivery by him is presumed until the contrary is proved.

Rules of construction.

SECT. 17. Where the language of the instrument is ambiguous, or there are omissions therein, the following rules of construction apply:

1. Where the sum payable is expressed in words and also in figures and there is a discrepancy between the two, the sum denoted by the words is the sum payable; but if the words are ambiguous or uncertain, reference may be had to the figures to fix the amount:

2. Where the instrument provides for the payment of interest, without specifying the date from which interest is to run, the interest runs from the date of the instrument, and if the instrument is undated, from the issue thereof;

3. Where the instrument is not dated, it will be considered to be dated as of the time it was issued;

4. Where there is a conflict between the written and printed provisions of the instrument, the written provisions prevail;

5. Where the instrument is so ambiguous that there is doubt whether it is a bill or note, the holder may treat it as either at his election;

6. Where a signature is so placed upon the instrument that it is not clear in what capacity the person making the same intended to sign, he is to be deemed an indorser;

7. Where an instrument containing the words "I promise to pay" is signed by two or more persons, they are deemed to be jointly and severally liable thereon.

Signers only liable.

SECT. 18. No person is liable on the instrument whose signature does not appear thereon, except as herein otherwise expressly provided. But one who signs in a trade or assumed name will be liable to the same extent as if he had signed in his own name.

Signature by agent.

SECT. 19. The signature of any party may be made by a duly authorized agent. No particular form of appointment is necessary for this purpose; and the authority of the agent may be established as in other cases of agency.

Agent so signing not liable.

SECT. 20. Where the instrument contains or a person adds to his signature words indicating that he signs for or on behalf of a principal, or in a representative capacity, he is not liable on the instrument if he was duly authorized; but the mere addition of words describing him as an agent, or as filling a representative character, without disclosing his principal, does not exempt him from personal liability.

SECT. 21. A signature by "procurator" operates as notice that the agent has but a limited authority to sign, and the principal is bound only in case the agent in so signing acted within the actual limits of his authority. Signature by "procurator."

SECT. 22. The indorsement or assignment of the instrument by a corporation or by an infant passes the property therein, notwithstanding that from want of capacity the corporation or infant may incur no liability thereon. Indorsement by corporation or minor.

SECT. 23. Where a signature is forged or made without the authority of the person whose signature it purports to be, it is wholly inoperative, and no right to retain the instrument, or to give a discharge thereof, or to enforce payment therefor against any party thereto, can be acquired through or under such signature, unless the party against whom it is sought to enforce such right, is precluded from setting up the forgery or want of authority. Forged signature, etc., inoperative.

#### CONSIDERATION.

SECT. 24. Every negotiable instrument is deemed *prima facie* to have been issued for a valuable consideration; and every person whose signature appears thereon to have become a party thereto for value. Presumption of.

SECT. 25. Value is any consideration sufficient to support a simple contract. An antecedent or pre-existing debt constitutes value; and is deemed such whether the instrument is payable on demand or at a future time. Value, what is.

SECT. 26. Where value has at any time been given for the instrument, the holder is deemed a holder for value in respect to all parties who became such prior to that time. When holding is for value.

SECT. 27. Where the holder has a lien on the instrument, arising either from contract or by implication of law, he is deemed a holder for value to the extent of his lien. Lien-holder.

SECT. 28. Absence or failure of consideration is matter of defense as against any person not a holder in due course; and partial failure of consideration is a defense *pro tanto* whether the failure is an ascertained and liquidated amount or otherwise. Failure of consideration as defense.

SECT. 29. An accommodation party is one who has signed the instrument as maker, drawer, acceptor or indorser, without receiving value therefor, and for the purpose of lending his name to some other person. Such a person is liable on the instrument to a holder for value, notwithstanding such holder at the time of taking the instrument knew him to be only an accommodation party. Accommodation party, who is.

#### NEGOTIATION.

SECT. 30. An instrument is negotiated when it is transferred from one person to another in such manner as to constitute the What constitutes.

transferee the holder thereof. If payable to bearer it is negotiated by delivery; if payable to order it is negotiated by the indorsement of the holder completed by delivery.

Sufficient indorsement.

SECT. 31. The indorsement must be written on the instrument itself or upon a paper attached thereto. The signature of the indorser, without additional words, is a sufficient indorsement.

Must be of entire instrument.

SECT. 32. The indorsement must be an indorsement of the entire instrument. An indorsement, which purports to transfer to the indorsee a part only of the amount payable, or which purports to transfer the instrument to two or more indorseees severally, does not operate as a negotiation of the instrument. But where the instrument has been paid in part, it may be indorsed as to the residue.

Varieties of

SECT. 33. An indorsement may be either special or in blank, and it may also be either restrictive or qualified, or conditional.

Special indorsement.

SECT. 34. A special indorsement specifies the person to whom, or to whose order, the instrument is to be payable; and the indorsement of such indorsee is necessary to the further negotiation of the instrument. An indorsement in blank specifies no indorsee, and an instrument so indorsed is payable to bearer, and may be negotiated by delivery.

Blank indorsement, how made special.

SECT. 35. The holder may convert a blank indorsement into a special indorsement by writing over the signature of the indorser in blank any contract consistent with the character of the indorsement.

Restrictive indorsement.

SECT. 36. An indorsement is restrictive, which either:

1. Prohibits the further negotiation of the instrument; or
2. Constitutes the indorsee the agent of the indorser; or
3. Vests the title in the indorsee in trust for or to the use of some other person.

But the mere absence of words implying power to negotiate does not make an indorsement restrictive.

Restrictive indorsee, rights of.

SECT. 37. A restrictive indorsement confers upon the indorsee the right:

1. To receive payment of the instrument;
2. To bring any action thereon that the indorser could bring;
3. To transfer his rights as such indorsee, where the form of the indorsement authorizes him to do so.

But all subsequent indorseees acquire only the title of the first indorsee under the restrictive indorsement.

Qualified indorsee, rights of.

SECT. 38. A qualified indorsement constitutes the indorser a mere assignor of the title to the instrument. It may be made by adding to the indorser's signature the words "without recourse" or any words of similar import. Such an indorsement does not impair the negotiable character of the instrument.

SECT. 39. Where an indorsement is conditional, a party required to pay the instrument may disregard the condition, and make payment to the indorsee or his transferee, whether the condition has been fulfilled or not. But any person to whom an instrument so indorsed is negotiated, will hold the same, or the proceeds thereof, subject to the rights of the person indorsing conditionally.

Conditional indorsement, effect of.

SECT. 40. Where an instrument, payable to bearer, is indorsed specially, it may nevertheless be further negotiated by delivery; but the person indorsing specially is liable as indorser only to such holders as make title through his indorsement.

Negotiation when indorsement special.

SECT. 41. Where an instrument is payable to the order of two or more payees or indorsees who are not partners, all must indorse, unless the one indorsing has authority to indorse for the others.

All payees must indorse.

SECT. 42. Where an instrument is drawn or indorsed to a person as "Cashier" or other fiscal officer of a bank or corporation, it is deemed *prima facie* to be payable to the bank or corporation of which he is such officer; and may be negotiated either by the indorsement of the bank or corporation, or by the indorsement of the officer.

Indorsement to corporate officer.

SECT. 43. Where the name of a payee or indorsee is wrongly designated or misspelled, he may indorse the instrument as therein described, adding, if he think fit, his proper signature.

Correction in name.

SECT. 44. Where any person is under obligation to indorse in a representative capacity, he may indorse in such terms as to negative personal liability.

Negating personal liability.

SECT. 45. Except where an indorsement bears date after the maturity of the instrument, every negotiation is deemed *prima facie* to have been effected before the instrument was overdue.

Date of indorsement.

SECT. 46. Except where the contrary appears, every indorsement is presumed *prima facie* to have been made at the place where the instrument is dated.

Place of indorsement.

SECT. 47. An instrument negotiable in its origin continues to be negotiable until it has been restrictively indorsed or discharged by payment or otherwise.

Negotiability.

SECT. 48. The holder may at any time strike out any indorsement which is not necessary to his title. The indorser whose indorsement is struck out, and all indorsers subsequent to him, are thereby relieved from liability on the instrument.

Striking out indorsements.

SECT. 49. Where the holder of an instrument payable to his order transfers it for value without indorsing it, the transfer vests in the transferee such title as the transferer had therein, and the transferee acquires, in addition, the right to have the indorsement of the transferer. But for the purpose of determining whether the transferee is a holder in due course, the negotiation takes effect as of the time when the indorsement is actually made.

Transfer without indorsement.

Former holder  
may reissue.

SECT. 50. Where an instrument is negotiated back to a prior party, such party may, subject to the provisions of this act, reissue and further negotiate the same. But he is not entitled to enforce payment thereof against any intervening party to whom he was personally liable.

RIGHTS OF THE HOLDER.

May sue in  
own name.

SECT. 51. The holder of a negotiable instrument may sue thereon in his own name; and payment to him in due course discharges the instrument.

Holder in due  
course, who is.

SECT. 52. A holder in due course is a holder who has taken the instrument under the following conditions:

1. That it is complete and regular upon its face;
2. That he became the holder of it before it was overdue, and without notice that it had been previously dishonored, if such was the fact;
3. That he took it in good faith and for value;
4. That at the time it was negotiated to him he had no notice of any infirmity in the instrument or defect in the title of the person negotiating it.

If demand  
paper overdue.

SECT. 53. Where an instrument payable on demand is negotiated an unreasonable length of time after its issue, the holder is not deemed a holder in due course.

Notice of  
infirmity,  
effect of.

SECT. 54. Where the transferee receives notice of any infirmity in the instrument or defect in the title of the person negotiating the same before he has paid the full amount agreed to be paid therefor, he will be deemed a holder in due course only to the extent of the amount theretofore paid by him.

Title, when  
deemed de-  
fective.

SECT. 55. The title of a person who negotiates an instrument is defective within the meaning of this act when he obtained the instrument, or any signature thereto, by fraud, duress, or force and fear, or other unlawful means, or for an illegal consideration, or when he negotiates it in breach of faith, or under such circumstances as amount to a fraud.

Notice of  
infirmity,  
what is.

SECT. 56. To constitute notice of an infirmity in the instrument or defect in the title of the person negotiating the same, the person to whom it is negotiated must have had actual knowledge of the infirmity or defect, or knowledge of such facts that his action in taking the instrument amounted to bad faith.

Rights of  
holder in due  
course.

SECT. 57. A holder in due course holds the instrument free from any defect of title of prior parties, and free from defenses available to prior parties among themselves, and may enforce payment of the instrument for the full amount thereof against all parties liable thereon.

SECT. 58. In the hands of any holder other than a holder in due course, a negotiable instrument is subject to the same defenses as if it were non-negotiable. But a holder who derives his title through a holder in due course, and who is not himself a party to any fraud or illegality affecting the instrument, has all the rights of such former holder in respect of all parties prior to the latter.

Rights of his transferee.

SECT. 59. Every holder is deemed *prima facie* to be a holder in due course; but when it is shown that the title of any person who has negotiated the instrument was defective, the burden is on the holder to prove that he or some person under whom he claims acquired the title as holder in due course. But the last mentioned rule does not apply in favor of a party who became bound on the instrument prior to the acquisition of such defective title.

Due course presumed.

#### LIABILITIES OF PARTIES.

SECT. 60. The maker of a negotiable instrument by making it engages that he will pay it according to its tenor; and admits the existence of the payee and his then capacity to indorse.

Engagements of maker.

SECT. 61. The drawer by drawing the instrument admits the existence of the payee and his then capacity to indorse; and engages that on due presentment the instrument will be accepted or paid, or both, according to its tenor, and that if it be dishonored, and the necessary proceedings on dishonor be duly taken, he will pay the amount thereof to the holder, or to any subsequent indorser who may be compelled to pay it. But the drawer may insert in the instrument an express stipulation negating or limiting his own liability to the holder.

Of drawer.

SECT. 62. The acceptor by accepting the instrument engages that he will pay it according to the tenor of his acceptance; and admits:

Of acceptor.

1. The existence of the drawer, the genuineness of his signature, and his capacity and authority to draw the instrument; and

2. The existence of the payee and his then capacity to indorse.

SECT. 63. A person placing his signature upon an instrument otherwise than as maker, drawer or acceptor is deemed to be an indorser, unless he clearly indicates by appropriate words his intention to be bound in some other capacity.

Presumptive indorsers.

SECT. 64. Where a person, not otherwise a party to an instrument, places thereon his signature in blank before delivery, he is liable as indorser in accordance with the following rules:

Liability of signer in blank.

1. If the instrument is payable to the order of a third person, he is liable to the payee and to all subsequent parties.

2. If the instrument is payable to the order of the maker or drawer, or is payable to bearer, he is liable to all parties subsequent to the maker or drawer.

3. If he signs for the accommodation of the payee, he is liable to all parties subsequent to the payee.

Warrant of negotiator before delivery or by qualified indorsement.

SECT. 65. Every person negotiating an instrument by delivery or by a qualified indorsement, warrants:

1. That the instrument is genuine and in all respects what it purports to be;
2. That he has a good title to it;
3. That all prior parties had capacity to contract;
4. That he has no knowledge of any fact which would impair the validity of the instrument or render it valueless.

But when the negotiation is by delivery only, the warranty extends in favor of no holder other than the immediate transferee.

The provisions of subdivision 3 of this section do not apply to persons negotiating public or corporate securities, other than bills and notes.

Of unqualified indorser.

SECT. 66. Every indorser who indorses without qualification, warrants to all subsequent holders in due course:

1. The matters and things mentioned in subdivisions 1, 2 and 3 of the next preceding section; and
2. That the instrument is at the time of his indorsement valid and subsisting.

And, in addition, he engages that on due presentment, it shall be accepted or paid, or both, as the case may be, according to its tenor, and that if it be dishonored, and the necessary proceedings on dishonor be duly taken, he will pay the amount thereof to the holder, or to any subsequent indorser who may be compelled to pay it.

Of note payable to bearer.

SECT. 67. Where a person places his indorsement on an instrument negotiable by delivery he incurs all the liability of an indorser.

Indorsers liable in what order.

SECT. 68. As respects one another, indorsers are liable *prima facie* in the order in which they indorse; but evidence is admissible to show that as between or among themselves they have agreed otherwise. Joint payees or joint indorseees who indorse are deemed to indorse jointly and severally.

Agent liable without indorsement, when.

SECT. 69. Where a broker or other agent negotiates an instrument without indorsement, he incurs all the liabilities prescribed by section 65 of this act, unless he discloses the name of his principal, and the fact that he is acting only as agent.

#### PRESENTMENT FOR PAYMENT.

Necessity for.

SECT. 70. Presentment for payment is not necessary in order to charge the person primarily liable on the instrument; but if the instrument is, by its terms, payable at a special place, and he is able and willing to pay it there at maturity, such ability and willingness are equivalent to a tender of payment upon his part. But except

as herein otherwise provided, presentment for payment is necessary in order to charge the drawer and indorsers.

SECT. 71. Where the instrument is not payable on demand, presentment must be made on the day it falls due. Where it is payable on demand, presentment must be made within a reasonable time after its issue, except that in the case of a bill of exchange, presentment for payment will be sufficient if made within a reasonable time after the last negotiation thereof. Upon a promissory note payable on demand, a demand made at the expiration of sixty days from the date thereof, without grace, or at any time within that term shall be deemed to be made within a reasonable time; and any act, neglect or other thing which by the provisions of this act is deemed equivalent to a presentment and demand on a note payable at a fixed time, or which would dispense with such presentment and demand, if it occurs at or within the sixty days shall be a dishonor thereof, and shall authorize the holder of the note to give notice of the dishonor to the indorser as upon a presentment to the promisor, and his neglect or refusal to pay the same. No presentment of the note to the promisor and demand for payment shall charge the indorser unless made on or before the last day of the sixty days.

When to be made.

SECT. 72. Presentment for payment, to be sufficient, must be made: Requisites of.

1. By the holder, or by some person authorized to receive payment on his behalf;
2. At a reasonable hour on a business day;
3. At a proper place as herein defined;
4. To the person primarily liable on the instrument, or if he is absent or inaccessible, to any person found at the place where the presentment is made.

SECT. 73. Presentment for payment is made at the proper place: Where to be made.

1. Where a place of payment is specified in the instrument and it is there presented;
2. Where no place of payment is specified, but the address of the person to make payment is given in the instrument and it is there presented;
3. Where no place of payment is specified and no address is given and the instrument is presented at the usual place of business or residence of the person to make payment;
4. In any other case if presented to the person to make payment wherever he can be found, or if presented at his last known place of business or residence.

Exhibition of instrument.

SECT. 74. The instrument must be exhibited to the person from whom payment is demanded, and when it is paid must be delivered up to the party paying it.

How made at bank.

SECT. 75. Where the instrument is payable at a bank, presentment for payment must be made during banking hours, unless the person to make payment has no funds there to meet it at any time during the day, in which case presentment at any hour before the bank is closed on that day is sufficient.

If party primarily liable is dead.

SECT. 76. Where the person primarily liable on the instrument is dead, and no place of payment is specified, presentment for payment must be made to his personal representative if such there be, and if, with the exercise of reasonable diligence, he can be found.

If parties primarily liable partners.

SECT. 77. Where the persons primarily liable on the instrument are liable as partners, and no place of payment is specified, presentment for payment may be made to any one of them, even though there has been a dissolution of the firm.

If several parties liable.

SECT. 78. Where there are several persons, not partners, primarily liable on the instrument, and no place of payment is specified, presentment must be made to them all.

Drawer not entitled to, when.

SECT. 79. Presentment for payment is not required in order to charge the drawer where he has no right to expect or require that the drawee or acceptor will pay the instrument.

Indorser not entitled to, when.

SECT. 80. Presentment for payment is not required in order to charge an indorser where the instrument was made or accepted for his accommodation, and he has no reason to expect that the instrument will be paid if presented.

Excusable delay.

SECT. 81. Delay in making presentment for payment is excused when the delay is caused by circumstances beyond the control of the holder, and not imputable to his default, misconduct or negligence. When the cause of delay ceases to operate, presentment must be made with reasonable diligence.

Dispensed with, when.

SECT. 82. Presentment for payment is dispensed with:

1. Where after the exercise of reasonable diligence presentment as required by this act cannot be made;
2. Where the drawee is a fictitious person;
3. By waiver of presentment express or implied.

Dishonor by non-payment.

SECT. 83. The instrument is dishonored by non-payment when:

1. It is duly presented for payment and payment is refused or cannot be obtained; or
2. Presentment is excused and the instrument is overdue and unpaid.

Effect of.

SECT. 84. Subject to the provisions of this act, when the instrument is dishonored by non-payment, an immediate right of recourse to all parties secondarily liable thereon accrues to the holder.

Days of grace; instrument due on Sunday, etc., when payable.

SECT. 85. Every negotiable instrument is payable at the time fixed therein without grace, except that three days of grace shall be allowed upon a draft or bill of exchange made payable within this

state at sight unless there is an express stipulation to the contrary. When the day of maturity falls upon Sunday, or a holiday, the instrument is payable on the next succeeding business day. Instruments falling due or payable on Saturday are to be presented for payment on the next succeeding business day, except that instruments payable on demand may, at the option of the holder, be presented for payment before 12 o'clock noon on Saturday when that entire day is not a holiday.

SECT. 86. Where the instrument is payable at a fixed period after date, after sight, or after the happening of a specified event, the time of payment is determined by excluding the day from which the time is to begin to run, and by including the date of payment.

Time, how reckoned.

SECT. 87. Where the instrument is made payable at a bank it is equivalent to an order to the bank to pay the same for the account of the principal debtor thereon.

Payment at bank.

SECT. 88. Payment is made in due course when it is made at or after the maturity of the instrument to the holder thereof in good faith and without notice that his title is defective.

Payment in due course.

#### NOTICE OF DISHONOR.

SECT. 89. Except as herein otherwise provided, when a negotiable instrument has been dishonored by non-acceptance or non-payment, notice of dishonor must be given to the drawer and to each indorser, and any drawer or indorser to whom such notice is not given is discharged.

Who entitled to.

SECT. 90. The notice may be given by or on behalf of the holder, or by or on behalf of any party to the instrument who might be compelled to pay it to the holder, and who, upon taking it up would have a right to reimbursement from the party to whom the notice is given.

By whom given.

SECT. 91. Notice of dishonor may be given by an agent either in his own name or in the name of any party entitled to give notice, whether that party be his principal or not.

Notice by agent.

SECT. 92. Where notice is given by or on behalf of the holder, it inures for the benefit of all subsequent holders and all prior parties who have a right of recourse against the party to whom it is given.

For whose benefit.

SECT. 93. Where notice is given by or on behalf of a party entitled to give notice, it inures for the benefit of the holder and all parties subsequent to the party to whom notice is given.

Same subject.

SECT. 94. Where the instrument has been dishonored in the hands of an agent, he may either himself give notice to the parties liable thereon, or he may give notice to his principal. If he give

notice to his principal, he must do so within the same time as if he were the holder, and the principal upon the receipt of such notice has himself the same time for giving notice as if the agent had been an independent holder.

Form of notice.

SECT. 95. A written notice need not be signed and an insufficient written notice may be supplemented and validated by verbal communication. A misdescription of the instrument does not vitiate the notice unless the party to whom the notice is given is in fact misled thereby.

May be oral or written.

SECT. 96. The notice may be in writing or merely oral and may be given in any terms which sufficiently identify the instrument, and indicate that it has been dishonored by non-acceptance or non-payment. It may in all cases be given by delivering it personally or through the mails.

To party or agent.

SECT. 97. Notice of dishonor may be given either to the party himself or to his agent in that behalf.

If person entitled is dead.

SECT. 98. When any party is dead, and his death is known to the party giving notice, the notice must be given to a personal representative, if there be one, and if with reasonable diligence he can be found. If there be no personal representative, notice may be sent to the last residence or last place of business of the deceased.

Notice to partnership.

SECT. 99. Where the parties to be notified are partners, notice to any one partner is notice to the firm even though there has been a dissolution.

To joint parties.

SECT. 100. Notice to joint parties who are not partners must be given to each of them, unless one of them has authority to receive such notice for the others.

To bankrupt.

SECT. 101. Where a party has been adjudged a bankrupt or an insolvent, or has made an assignment for the benefit of creditors, notice may be given either to the party himself or to his trustee or assignee.

When to be given.

SECT. 102. Notice may be given as soon as the instrument is dishonored; and unless delay is excused as hereinafter provided, must be given within the times fixed by this act.

If parties reside in same place.

SECT. 103. Where the person giving and the person to receive notice reside in the same place, notice must be given within the following times:

1. If given at the place of business of the person to receive notice, it must be given before the close of business hours on the day following;
2. If given at his residence, it must be given before the usual hours of rest on the day following;
3. If sent by mail, it must be deposited in the post-office in time to reach him in usual course on the day following.

SECT. 104. Where the person giving and the person to receive notice reside in different places notice must be given within the following times:

If parties reside in different places.

1. If sent by mail, it must be deposited in the post-office in time to go by mail the day following the day of dishonor, or if there be no mail at a convenient hour on that day, by the next mail thereafter.

2. If given otherwise than through the post-office, then within the time that notice would have been received in due course of mail, if it had been deposited in the post-office within the time specified in the last subdivision.

SECT. 105. Where notice of dishonor is duly addressed and deposited in the post-office, the sender is deemed to have given due notice, notwithstanding any miscarriage in the mails.

Notice by mail.

SECT. 106. Notice is deemed to have been deposited in the post-office when deposited in any branch post-office or in any letter-box under the control of the post-office department.

Same subject.

SECT. 107. Where a party receives notice of dishonor, he has, after the receipt of such notice, the same time for giving notice to antecedent parties that the holder has after the dishonor.

Right of party notified.

SECT. 108. Where a party has added an address to his signature, notice of dishonor must be sent to that address; but if he has not given such address, then the notice must be sent as follows:

Where notice to be sent.

1. Either to the post-office nearest to his place of residence, or to the post-office where he is accustomed to receive his letters; or

2. If he live in one place, and have his place of business in another, notice may be sent to either place; or

3. If he is sojourning in another place, notice may be sent to the place where he is so sojourning.

But where the notice is actually received by the party within the time specified in this act, it will be sufficient, though not sent in accordance with the requirements of this section.

SECT. 109. Notice of dishonor may be waived, either before the time of giving notice has arrived, or after the omission to give due notice, and the waiver may be express or implied.

Waiver of notice.

SECT. 110. Where the waiver is embodied in the instrument itself, it is binding upon all parties; but where it is written above the signature of an indorser, it binds him only.

Who bound by.

SECT. 111. A waiver of protest, whether in the case of a foreign bill of exchange or other negotiable instrument is deemed to be a waiver not only of a formal protest, but also of presentment and notice of dishonor.

Waiver of protest.

SECT. 112. Notice of dishonor is dispensed with when, after the exercise of reasonable diligence, it cannot be given to or does not reach the parties sought to be charged.

Notice, when dispensed with.

Excusable delay.

SECT. 113. Delay in giving notice of dishonor is excused when the delay is caused by circumstances beyond the control of the holder and not imputable to his default, misconduct or negligence. When the cause of delay ceases to operate, notice must be given with reasonable diligence.

Notice to drawer not required, when.

SECT. 114. Notice of dishonor is not required to be given to the drawer in either of the following cases:

1. Where the drawer and drawee are the same person;
2. Where the drawee is a fictitious person or a person not having capacity to contract;
3. Where the drawer is the person to whom the instrument is presented for payment;
4. Where the drawer has no right to expect or require that the drawee or acceptor will honor the instrument;
5. Where the drawer has countermanded payment.

Notice to indorser not required, when.

SECT. 115. Notice of dishonor is not required to be given to an indorser in either of the following cases:

1. Where the drawee is a fictitious person or a person not having capacity to contract, and the indorser was aware of the fact at the time he indorsed the instrument;
2. Where the indorser is the person to whom the instrument is presented for payment;
3. Where the instrument was made or accepted for his accommodation.

Of non-acceptance, when sufficient.

SECT. 116. Where due notice of dishonor by non-acceptance has been given, notice of a subsequent dishonor by non-payment is not necessary, unless in the meantime the instrument has been accepted.

If notice omitted.

SECT. 117. An omission to give notice of dishonor by non-acceptance does not prejudice the rights of a holder in due course subsequent to the omission.

Protest, when required.

SECT. 118. Where any negotiable instrument has been dishonored it may be protested for non-acceptance or non-payment as the case may be; but protest is not required, except in the case of foreign bills of exchange.

#### DISCHARGE OF NEGOTIABLE INSTRUMENTS.

Instrument, how discharged.

SECT. 119. A negotiable instrument is discharged:

1. By payment in due course by or on behalf of the principal debtor;
2. By payment in due course by the party accommodated, where the instrument is made or accepted for accommodation;
3. By the intentional cancellation thereof by the holder;
4. By any other act which will discharge a simple contract for the payment of money;

5. When the principal debtor becomes the holder of the instrument at or after maturity in his own right.

SECT. 120. A person secondarily liable on the instrument is discharged:

Party secondarily liable, how discharged.

- 1. By any act which discharges the instrument;
- 2. By the intentional cancellation of his signature by the holder;
- 3. By the discharge of a prior party;
- 4. By a valid tender of payment made by a prior party;
- 5. By a release of the principal debtor, unless the holder's right of recourse against the party secondarily liable is expressly reserved;

6. By any agreement binding upon the holder to extend the time of payment, or to postpone the holder's right to enforce the instrument, unless made with the assent of the party secondarily liable, or unless the right of recourse against such party is expressly reserved.

SECT. 121. Where the instrument is paid by a party secondarily liable thereon, it is not discharged; but the party so paying it is remitted to his former rights as regards all prior parties, and he may strike out his own and all subsequent indorsements, and again negotiate the instrument, except:

Payment by such party not discharge.

- 1. Where it is payable to the order of a third person, and has been paid by the drawer; and
- 2. Where it was made or accepted for accommodation, and has been paid by the party accommodated.

SECT. 122. The holder may expressly renounce his rights against any party to the instrument, before, at or after its maturity. An absolute and unconditional renunciation of his rights against the principal debtor made at or after the maturity of the instrument discharges the instrument. But a renunciation does not affect the rights of a holder in due course without notice. A renunciation must be in writing, unless the instrument is delivered up to the person primarily liable thereon.

Renunciation by holder.

SECT. 123. A cancellation made unintentionally, or under a mistake, or without the authority of the holder, is inoperative; but where an instrument or any signature thereon appears to have been cancelled the burden of proof lies on the party who alleges that the cancellation was made unintentionally, or under a mistake or without authority.

Unintentional cancellation, etc.

SECT. 124. Where a negotiable instrument is materially altered without the assent of all parties liable thereon, it is avoided, except as against a party who has himself made, authorized or assented to the alteration and subsequent indorsers. But when an instrument has been materially altered and is in the hands of a holder in due

Material alteration, effect of.

course, not a party to the alteration, he may enforce payment thereof according to its original tenor.

Material alteration, what is.

SECT. 125. Any alteration which changes:

1. The date;
2. The sum payable, either for principal or interest;
3. The time or place of payment;
4. The number or the relations of the parties;
5. The medium or currency in which payment is to be made;

Or which adds a place of payment where no place of payment is specified, or any other change or addition which alters the effect of the instrument in any respect is a material alteration.

#### BILLS OF EXCHANGE. FORM AND INTERPRETATION.

"Bill of exchange" defined.

SECT. 126. A bill of exchange is an unconditional order in writing addressed by one person to another, signed by the person giving it, requiring the person to whom it is addressed to pay on demand or at a fixed or determinable future time a sum certain in money to order or to bearer.

Drawee liable, when.

SECT. 127. A bill of itself does not operate as an assignment of the funds in the hands of the drawee available for the payment thereof and the drawee is not liable on the bill unless and until he accepts the same.

Joint drawees.

SECT. 128. A bill may be addressed to two or more drawees jointly whether they are partners or not; but not to two or more drawees in the alternative or in succession.

Inland and foreign bills.

SECT. 129. An inland bill of exchange is a bill which is, or on its face purports to be, both drawn and payable within this state. Any other bill is a foreign bill. Unless the contrary appears on the face of the bill, the holder may treat it as an inland bill.

Fictitious drawee, etc.

SECT. 130. Where in a bill drawer and drawee are the same person, or where the drawee is a fictitious person, or a person not having capacity to contract, the holder may treat the instrument, at his option, either as a bill of exchange or a promissory note.

Referee in case of need.

SECT. 131. The drawer of a bill and any indorser may insert thereon the name of a person to whom the holder may resort in case of need, that is to say, in case the bill is dishonored by non-acceptance or non-payment. Such person is called the referee in case of need. It is in the option of the holder to resort to the referee in case of need or not, as he may see fit.

#### ACCEPTANCE.

"Acceptance" defined.

SECT. 132. The acceptance of a bill is the signification by the drawee of his assent to the order of the drawer. The acceptance must be in writing and signed by the drawer. It must not express

that the drawee will perform his promise by any other means than the payment of money.

SECT. 133. The holder of a bill presenting the same for acceptance may require that the acceptance be written on the bill, and, if such request is refused, may treat the bill as dishonored. May be required in writing.

SECT. 134. Where an acceptance is written on a paper other than the bill itself, it does not bind the acceptor except in favor of a person to whom it is shown, and who, on the faith thereof, receives the bill for value. On separate paper.

SECT. 135. An unconditional promise in writing to accept a bill before it is drawn is deemed an actual acceptance in favor of every person who, upon the faith thereof, receives the bill for value. Promise to accept.

SECT. 136. The drawee is allowed twenty-four hours after presentment in which to decide whether or not he will accept the bill; but the acceptance if given dates as of the day of presentation. Time for acceptance.

SECT. 137. Where a drawee to whom a bill is delivered for acceptance destroys the same, or refuses within twenty-four hours after such delivery, or within such other period as the holder may allow, to return the bill accepted or non-accepted to the holder, he will be deemed to have accepted the same. Implied from retention, etc.

SECT. 138. A bill may be accepted before it has been signed by the drawer, or while otherwise incomplete, or when it is overdue, or after it has been dishonored by a previous refusal to accept, or by non-payment. But when a bill payable after sight is dishonored by non-acceptance and the drawee subsequently accepts it, the holder, in the absence of any different agreement, is entitled to have the bill accepted as of the date of the first presentment. When bill may be accepted.

SECT. 139. An acceptance is either general or qualified. A general acceptance assents without qualification to the order of the drawer. A qualified acceptance in express terms varies the effect of the bill as drawn. Acceptance general or qualified.

SECT. 140. An acceptance to pay at a particular place is a general acceptance unless it expressly states that the bill is to be paid there only and not elsewhere. General acceptance.

SECT. 141. An acceptance is qualified, which is:

1. Conditional, that is to say, which makes payment by the acceptor dependent on the fulfillment of a condition therein stated;
  2. Partial, that is to say, an acceptance to pay part only of the amount for which the bill is drawn;
  3. Local, that is to say, an acceptance to pay only at a particular place;
  4. Qualified as to time;
  5. The acceptance of some one or more of the drawees, but not of all.
- Qualified acceptance.

Effect of;  
holder may re-  
fuse to take.

SECT. 142. The holder may refuse to take a qualified acceptance, and if he does not obtain an unqualified acceptance, he may treat the bill as dishonored by non-acceptance. Where a qualified acceptance is taken, the drawer and indorsers are discharged from liability on the bill, unless they have expressly or impliedly authorized the holder to take a qualified acceptance, or subsequently assent thereto. When the drawer or an indorser receives notice of a qualified acceptance, he must within a reasonable time express his dissent to the holder, or he will be deemed to have assented thereto.

PRESENTMENT FOR ACCEPTANCE.

When neces-  
sary.

SECT. 143. Presentment for acceptance must be made:

1. Where the bill is payable after sight, or in any other case, where presentment for acceptance is necessary in order to fix the maturity of the instrument; or
2. Where the bill expressly stipulates that it shall be presented for acceptance; or
3. Where the bill is drawn payable elsewhere than at the residence or place of business of the drawee.

In no other case is presentment for acceptance necessary in order to render any party to the bill liable.

Non-present-  
ment, effect  
of.

SECT. 144. Except as herein otherwise provided, the holder of a bill which is required by the next preceding section to be presented for acceptance must either present it for acceptance or negotiate it within a reasonable time. If he fail to do so, the drawer and all indorsers are discharged.

When and to  
whom made.

SECT. 145. Presentment for acceptance must be made by or on behalf of the holder at a reasonable hour, on a business day and before the bill is overdue, to the drawee or some person authorized to accept or refuse acceptance on his behalf; and:

1. Where a bill is addressed to two or more drawees who are not partners, presentment must be made to them all, unless one has authority to accept or refuse acceptance for all, in which case presentment may be made to him only.
2. Where the drawee is dead, presentment may be made to his personal representative;

3. Where the drawee has been adjudged a bankrupt or an insolvent or has made an assignment for the benefit of creditors, presentment may be made to him or to his trustee or assignee.

Day of pre-  
sentment.

SECT. 146. A bill may be presented for acceptance on any day on which negotiable instruments may be presented for payment under the provisions of sections 72 and 85 of this act. When Saturday is not otherwise a holiday, presentment for acceptance may be made before 12 o'clock noon on that day.

SECT. 147. Where the holder of a bill drawn payable elsewhere than at the place of business or the residence of the drawee has not time with the exercise of reasonable diligence to present the bill for acceptance before presenting it for payment on the day that it falls due, the delay caused by presenting the bill for acceptance before presenting it for payment is excused and does not discharge the drawers and indorsers. Excusable delay.

SECT. 148. Presentment for acceptance is excused and a bill may be treated as dishonored by non-acceptance, in either of the following cases: Presentment excused, when.

1. Where the drawee is dead, or has absconded, or is a fictitious person or a person not having capacity to contract by bill;
2. Where, after the exercise of reasonable diligence, presentment cannot be made;
3. Where, although presentment has been irregular, acceptance has been refused on some other ground.

SECT. 149. A bill is dishonored by non-acceptance: Dishonor by non-acceptance.

1. When it is duly presented for acceptance and such an acceptance as is prescribed by this act is refused or cannot be obtained; or
2. When presentment for acceptance is excused and the bill is not accepted.

SECT. 150. Where a bill is duly presented for acceptance and is not accepted within the prescribed time, the person presenting it must treat the bill as dishonored by non-acceptance or he loses the right of recourse against the drawer and indorsers. Right of recourse, how lost.

SECT. 151. When a bill is dishonored by non-acceptance, an immediate right of recourse against the drawers and indorsers accrues to the holder and no presentment for payment is necessary. Recourse after dishonor.

#### PROTEST.

SECT. 152. Where a foreign bill appearing on its face to be such is dishonored by non-acceptance, it must be duly protested for non-acceptance, and where such a bill which has not previously been dishonored by non-acceptance is dishonored by non-payment, it must be duly protested for non-payment. If it is not so protested, the drawer and indorsers are discharged. Where a bill does not appear on its face to be a foreign bill, protest thereof in case of dishonor is unnecessary. For non-acceptance or non-payment.

SECT. 153. The protest must be annexed to the bill, or must contain a copy thereof, and must be under the hand and seal of the notary making it, and must specify: Form of protest.

1. The time and place of presentment;
2. The fact that presentment was made and the manner thereof;
3. The cause or reason for protesting the bill;

4. The demand made and the answer given, if any, or the fact that the drawee or acceptor could not be found.

By whom made.

SECT. 154. Protest may be made by :

1. A notary public; or

2. By any respectable resident of the place where the bill is dishonored, in the presence of two or more credible witnesses.

When to be made.

SECT. 155. When a bill is protested, such protest must be made on the day of its dishonor, unless delay is excused as herein provided. When a bill has been duly noted, the protest may be subsequently extended as of the date of the noting.

Where to be made.

SECT. 156. A bill must be protested at the place where it is dishonored, except that when a bill drawn payable at the place of business, or residence of some person other than the drawee, has been dishonored by non-acceptance, it must be protested for non-payment at the place where it is expressed to be payable, and no further presentment for payment to, or demand on, the drawee is necessary.

Successive protests.

SECT. 157. A bill which has been protested for non-acceptance may be subsequently protested for non-payment.

If acceptor becomes bankrupt.

SECT. 158. Where the acceptor has been adjudged a bankrupt or an insolvent or has made an assignment for the benefit of creditors, before the bill matures, the holder may cause the bill to be protested for better security against the drawer and indorsers.

Dispensed with, when.

SECT. 159. Protest is dispensed with by any circumstances which would dispense with notice of dishonor. Delay in noting or protesting is excused when delay is caused by circumstances beyond the control of the holder and not imputable to his default, misconduct, or negligence. When the cause of delay ceases to operate, the bill must be noted or protested with reasonable diligence.

If bill lost, etc.

SECT. 160. Where a bill is lost or destroyed or is wrongfully detained from the person entitled to hold it, protest may be made on a copy or written particulars thereof.

#### ACCEPTANCE FOR HONOR.

When and by whom.

SECT. 161. Where a bill of exchange has been protested for dishonor by non-acceptance or protested for better security and is not overdue, any person not being a party already liable thereon may, with the consent of the holder, intervene and accept the bill *supra* protest for the honor of any party liable thereon or for the honor of the person for whose account the bill is drawn. The acceptance for honor may be for part only of the sum for which the bill is drawn; and where there has been an acceptance for honor for one party, there may be a further acceptance by a different person for the honor of another party.

SECT. 162. An acceptance for honor supra protest must be in writing and indicate that it is an acceptance for honor, and must be signed by the acceptor for honor. Form of.

SECT. 163. Where an acceptance for honor does not expressly state for whose honor it is made, it is deemed to be an acceptance for the honor of the drawer. Honor of drawer implied.

SECT. 164. The acceptor for honor is liable to the holder and to all parties to the bill subsequent to the party for whose honor he has accepted. Acceptor's liability.

SECT. 165. The acceptor for honor by such acceptance engages that he will on due presentment pay the bill according to the terms of his acceptance, *provided* it shall not have been paid by the drawee and *provided also*, that it shall have been duly presented for payment and protested for non-payment and notice of dishonor given to him. Acceptor's engagement.

SECT. 166. Where a bill payable after sight is accepted for honor, its maturity is calculated from the date of the noting for non-acceptance and not from the date of the acceptance for honor. Maturity, how calculated.

SECT. 167. Where a dishonored bill has been accepted for honor supra protest or contains a reference in case of need, it must be protested for non-payment before it is presented for payment to the acceptor for honor or referee in case of need. Protest for non-payment.

SECT. 168. Presentment for payment to the acceptor for honor must be made as follows: Presentment for payment to acceptor.

1. If it is to be presented in the place where the protest for non-payment was made, it must be presented not later than the day following its maturity;

2. If it is to be presented in some other place than the place where it was protested then it must be forwarded within the time specified in section 104.

SECT. 169. The provisions of section 81 apply where there is delay in making presentment to the acceptor for honor or referee in case of need. Excusable delay.

SECT. 170. When the bill is dishonored by the acceptor for honor it must be protested for non-payment by him. Dishonor by acceptor.

#### PAYMENT FOR HONOR.

SECT. 171. Where a bill has been protested for non-payment, any person may intervene and pay it supra protest for the honor of any person liable thereon or for the honor of the person for whose account it was drawn. Who may pay.

SECT. 172. The payment for honor supra protest in order to operate as such and not as a mere voluntary payment must be attested by a notarial act of honor which may be appended to the protest or form an extension to it. Notarial act of honor.

On what  
founded.

SECT. 173. The notarial act of honor must be founded on a declaration made by the payer for honor or by his agent in that behalf declaring his intention to pay the bill for honor and for whose honor he pays.

Preference be-  
tween payers.

SECT. 174. Where two or more persons offer to pay a bill for the honor of different parties, the person whose payment will discharge most parties to the bill is to be given the preference.

Effect of  
payment.

SECT. 175. Where a bill has been paid for honor, all parties subsequent to the party for whose honor it is paid are discharged, but the payer for honor is subrogated for, and succeeds to, both the rights and duties of the holder as regards the party for whose honor he pays and all parties liable to the latter.

Refusal to  
receive pay-  
ment.

SECT. 176. Where the holder of a bill refuses to receive payment supra protest, he loses his right of recourse against any party who would have been discharged by such payment.

Payer entitled  
to bill and  
protest.

SECT. 177. The payer for honor, on paying to the holder the amount of the bill and the notarial expenses incidental to its dishonor, is entitled to receive both the bill itself and the protest.

#### BILLS IN A SET.

Parts consti-  
tute bill.

SECT. 178. Where a bill is drawn in a set, each part of the set being numbered and containing a reference to the other parts, the whole of the parts constitute one bill.

True holder,  
who is.

SECT. 179. Where two or more parts of a set are negotiated to different holders in due course, the holder whose title first accrues is as between such holders the true owner of the bill. But nothing in this section affects the rights of a person who in due course accepts or pays the part first presented to him.

Indorsement  
of parts.

SECT. 180. Where the holder of a set indorses two or more parts to different persons he is liable on every such part, and every indorser subsequent to him is liable on the part he has himself indorsed, as if such parts were separate bills.

Acceptance  
of parts.

SECT. 181. The acceptance may be written on any part and it must be written on one part only. If the drawee accepts more than one part, and such accepted parts are negotiated to different holders in due course, he is liable on every such part as if it were a separate bill.

Acceptor's  
liability.

SECT. 182. When the acceptor of a bill drawn in a set pays it without requiring the part bearing his acceptance be delivered up to him, and that part at maturity is outstanding in the hands of a holder in due course, he is liable to the holder thereon.

Discharge  
of part  
discharges  
whole.

SECT. 183. Except as herein otherwise provided where any one part of a bill drawn in a set is discharged by payment or otherwise the whole bill is discharged.

## PROMISSORY NOTES AND CHECKS.

SECT. 184. A negotiable promissory note within the meaning of this act is an unconditional promise in writing made by one person to another signed by the maker engaging to pay on demand, or at a fixed or determinable future time, a sum certain in money to order or to bearer. Where a note is drawn to the maker's own order, it is not complete until indorsed by him.

"Negotiable promissory note" defined.

SECT. 185. A check is a bill of exchange drawn on a bank payable on demand. Except as herein otherwise provided, the provisions of this act applicable to a bill of exchange payable on demand apply to a check.

Presentment of check.

SECT. 187. Where a check is certified by the bank on which it is drawn, the certification is equivalent to an acceptance.

Certification.

SECT. 188. Where the holder of a check procures it to be accepted or certified the drawer and all indorsers are discharged from liability thereon.

Effect of.

SECT. 189. A check of itself does not operate as an assignment of any part of the funds to the credit of the drawer with the bank, and the bank is not liable to the holder, unless and until it accepts or certifies the check.

Check not assignment.

## GENERAL PROVISIONS.

A duplicate bill, showing that the same has been audited and paid by the town, shall be filed by the town or city treasurer with the state forest fire warden, who shall draw his order on the state treasurer in favor of said town for the portion of said bill for which the state is liable in accordance with the provisions of this section.

It shall be the duty of any person who discovers a forest or brush fire not under the control or supervision of some person to extinguish it or to report it immediately to the local forest fire warden, and failure so to do shall be punished by a forfeiture not exceeding ten dollars, to be recovered upon complaint of the warden. Failure to extinguish fire, penalty.

If they cannot agree with the owners thereof as to the price, they may condemn the same under the powers of eminent domain, and the value shall be determined as in case of lands taken for highways, with the same rights of appeal and jury trial. Below the name of each office shall be printed in small but easily legible letters the words Vote for one, Vote for two, Vote for three, or a spelled number designating how many persons are to be voted for. Whenever there are two or more candidates for nomination to the same office who are to be voted for in more than one town or ward, the names of such candidates shall be so alternated on the ballots used that each shall appear thereon as nearly as may be an equal number of times at the top, at the bottom, and in each intermediate place, if any, of the list or group in which it belongs. Names of rival candidates for nomination to the same office who are to be voted for in only one

town or ward shall be arranged in the alphabetical order of their surnames. Following the names printed on the ballot after the name of each office to be filled shall be as many blank lines as there are persons to be elected to that office. SECT. 10. (1) The supervisors of the check-list shall prepare and post the check-list of the legal voters in their respective towns and wards and hold sessions for the correction of the same, and give notice of such sessions before all primaries held under this act in the same manner as they are required to do before elections under existing laws.

(2) No person shall be entitled to vote at a primary unless his name is upon the check-list of voters in the town or ward wherein he offers to vote.

(3) Any person offering to vote at a primary shall at the time of announcing his name also announce the name of the party to which he belongs. If his name is found upon the check-list, and if his party membership has not been before registered, it shall then be registered, and he shall be allowed to vote the ballot of his party, *provided, however*, that if he is challenged, he shall not be allowed to register as a member of such party, or to vote the ballot of said party unless he makes oath or affirmation that he affiliates with and generally supports the candidates of the party with which he offers to vote. If his party membership has been before regis-

(4) After the primary the town or ward clerk shall deliver to the supervisors the check-list with the registration of the party membership of voters thereon. Before delivery, however, the moderator and clerk shall certify thereon, under their hands, that the list is the one used at the primary, and contains a correct registration of the voters as delivered into their hands or made by them at such primary. Such list shall be preserved by the supervisors, and shall be used by them in making up the check-list to be posted before the next primary, as provided in paragraph 6 of this section.

(5) Any person whose party membership has been registered may change such registration by appearing in person before the supervisors of the check-list for his town or ward not less than ninety days before any primary, and stating to them, under oath or affirmation, if required, that he intends to affiliate with and generally supports the candidates of the party with which he offers to register. He may also change such registration at any primary, upon making oath or affirmation to the same effect, if challenged, but he shall not be permitted in such case to vote the ballot of any party at such primary.

(6) After the first primary held under this act, the supervisors of the check-list shall be in session for the alteration of the registration of party members, and for making additions to such registration before each primary. The session shall be on two days at least and shall not be less than ninety nor more than one hundred days prior to such primary. They shall post copies of the check-list showing the persons in the town or ward entitled to vote, with their party registration, so far as such registration has been made, in three public places in such town or ward, at least ten days prior to such session, and notice of the date, hour, and place of the daily sessions to revise such registration shall be given upon such check-lists. After such session, the supervisors of the check-list shall prepare a corrected check-list, showing the registration of party members as corrected by them, and such corrected check-list, with such names as may be regularly added thereto, as provided in sections 6 and 7 of chapter 32 of the Public Statutes, shall be used at the primary. Whenever names are added to the check-list, as provided in sections 6 and 7 of chapter 32 of the Public Statutes, the supervisors shall register the party membership of the voter, if he desires such membership registered; but if such voter has already been registered in any town or ward in this state as a member of any party, he shall not be registered as a member of a different party within ninety days before any primary.

(7) The party membership of each voter may be registered by

writing in ink after the name of such voter the first three letters of the name of the party with which he registers.

SECT. 11. (1) Votes cast for the same person on the ballots of different parties at any primary shall not be added together, but shall only count in favor of the person as the candidate of each party on whose ballot his name appears.

Votes, how counted and returned.

(2) After the count is completed it shall be announced by the moderator, and the clerk shall, in the presence of the other election officers, fill into blanks, provided him for that purpose by the secretary of state, complete returns of all the votes cast for the different candidates of each party. These blanks shall be prepared in duplicate, and shall be signed by the clerk. One copy shall be preserved by the clerk and shall be open to the inspection of any candidate, or of his agent authorized in writing. The other copy shall be mailed on the day of the primary, or on the day following, by the clerk to the secretary of state.

SECT. 12. (1) The second day after the primary, or as soon thereafter as possible, the secretary of state shall canvass the returns from all the towns and wards in the state, and upon the completion of such canvass shall declare what candidates have received the greatest number of votes for the various offices in the various parties.

Canvass of returns; publication of result.

(2) After the completion of the canvass of returns, the secretary of state shall publish in some paper of general circulation the names of the persons found to have been chosen as candidates for the various offices by the various parties, and shall cause a copy of such paper to be mailed to each person whose name appeared upon any party ballot.

SECT. 13. (1) Persons voted for, at a primary, under this act, who receive a plurality of all the votes cast by a party, shall be candidates of that party for the office designated in the ballot, or the delegates of such party from their respective towns and wards.

Plurality to nominate; tie vote; vacancies, how filled.

(2) In case of a tie vote, the tie shall be determined by lot by the secretary of state in the presence of the candidates who are tied, if, upon notice from the secretary of state, they elect to be present.

(3) Vacancies upon any party ticket occurring after the holding of any primary shall be filled by the party committee of the state, county, town or ward, as the case may require, and such committee shall notify the secretary of state of the appointment made, and the names of persons so appointed shall be placed upon the official election ballot.

SECT. 14. (1) If any person who was voted for upon the ballot of any party is not, according to the count first made by the secretary of state, chosen as the candidate of such party, and de-

sires a recount of the ballots cast in the primary, he shall apply in writing to the secretary of state for such recount within ten days after the date of the advertisement of the result of the primary, provided for in paragraph 2 of section 12 of this act.

(2) The secretary of state shall fix a time for such recount not earlier than ten days after the receipt of the application, and shall notify the opposing candidates thereof, and as soon after the expiration of such ten days as circumstances will permit, such recount shall be held and conducted as recounts of votes cast at elections are now conducted.

(3) Upon the date set for the recount, the ballots shall be counted by the secretary of state and such assistants as he may require. The various candidates, however, and their counsel, shall have the right to inspect the ballots and participate in such recount under such suitable rules as the secretary of state may adopt.

(4) No candidate, however, shall be entitled to a recount unless he shall pay to the secretary of state at the time of filing his application fees as follows:

(a) If a candidate for governor, or other officer voted for throughout the state, one hundred dollars;

(b) If a candidate for member of congress, fifty dollars;

(c) If a candidate for councilor, twenty-five dollars;

(f) If a candidate for member of the house of representatives, five dollars;

(g) If a candidate for supervisor of the check-list, five dollars;

(h) If a candidate for moderator, five dollars;

(5) If a recount shall show that some other person than the one declared nominated upon the canvass of the returns from the clerks of towns and wards has the greatest number of votes cast at the primary, such person shall be declared nominated and shall be the candidate of the party for the office in question instead of the person so first declared, and his name shall be placed upon the official ballot at the following election.

(6) If the recount shall show that the person who applied for the recount was chosen as the candidate of his party, the secretary of state shall, within ten days of such recount, return to him the fee paid at the time of filing the application for a recount.

SECT. 15. Any town or city clerk, with whom any declaration of candidacy has been filed, who shall fail to forward the same to the secretary of state within two days of the date of such filing shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not more than one hundred dollars, or by imprisonment not more than thirty days, or by both fine and imprisonment.

forward  
declaration,

SECT. 20. This statute shall be liberally construed so that the real will of the voters shall not be defeated, and so that the voters of any town or ward shall not be deprived of their right to nominate or participate in the nomination of candidates for office by any informality or failure to comply with all the provisions of law in respect to giving notice of or conducting the primary or certifying the results thereof.

SECT. 16. The official ballots prepared by the city clerk for use at the municipal elections and primaries shall conform as nearly as may be in form and manner of folding to the ballot prepared by the secretary of state for use at general biennial elections. All provisions of the Public Statutes and amendments thereto defining the duties of the secretary of state with reference to the printing and distribution of ballots, sample ballots, cards of instruction and other material for use at general biennial elections shall be followed by the city clerk in providing like material for use at the municipal elections and primaries, except so far as rendered inapplicable by the provisions of this act.

Form of official  
ballots.

SECT. 17. Upon such official ballots the names of the candidates for each office shall be grouped in the alphabetical order of their surnames, without party name or designation of any kind. Over each group shall be a statement of the office for which they are candidates and a direction as to the number of candidates to be voted for. Under each group shall be left as many blank spaces as there are persons to be elected to such office at the municipal election. At the right of each printed name shall be a square. The voter shall indicate his choice by making a cross in the square at the right of the printed name of each candidate for whom he desires to vote, or by writing the name of any person or persons for whom he desires to vote in the appropriate blank space or spaces. If a voter, either at a municipal election or the preceding primary, votes for more candidates for any office than are to be elected to that office at such municipal election, he shall be regarded as not having voted for any candidate for that office. Such official ballots shall be indorsed Primary Election of the City of Concord, or Municipal Election of the City of Concord, as the case may be, and Official Bal-

lot, with the date of the primary or election and a *facsimile* of the signature of the city clerk.

Disposition of  
ballots and  
tally-sheets.

SECT. 18. The ballots and tally-sheets used at each municipal election and primary shall be sealed up in the manner by law provided in case of general biennial elections, and returned by the ward clerk within twenty-four hours to the city clerk. A return of the result of the vote in each ward for all officers to be chosen or nominated at such election or primary, certified by the moderator, supervisors of the check-list and ward clerk, shall be made to the city clerk within the same time on blanks provided by him for that purpose; and the city clerk shall immediately record all such returns, and the same, together with his record thereof, shall be open to the inspection of any citizen. He shall submit his record of the returns of each municipal election and primary to the board of aldermen, at a meeting to be holden at seven o'clock in the afternoon on the Tuesday next following such election or primary, and the board of aldermen shall canvass the returns and declare the result. Such declaration shall be duly recorded by the city clerk and, except as hereinafter provided, shall be conclusive as to right of the persons declared elected or nominated to hold the offices to which they are so declared elected, or to have their names printed on the official ballot to be used at the succeeding municipal election as nominees for such offices, as the case may be.

Recounts and  
contests.

SECT. 19. Any candidate who is dissatisfied with the return of the vote at any municipal election or primary may have a recount of the vote cast at such election or primary for the office for which he was a candidate, or may contest the election or nomination as to that office on the ground of fraud or misconduct in relation to such municipal election or primary, by notifying the city clerk and all candidates for the same office who were returned as having received a larger number of votes than himself that he requests such recount or proposes to make such contest, by notice in writing left at the office of the city clerk and delivered in hand to or left at the usual place of abode of each of such other candidates at least twenty-four hours before the meeting of the board of aldermen at which the returns are to be canvassed. The board of aldermen, at said meeting or at an adjourned meeting or meetings specially held for that purpose within one week thereafter, shall thereupon recount the ballots in the presence of the interested parties, or shall proceed in the manner provided as to contested elections of mayor by Public Statutes, chapter 47, section 3, the provisions of that section being hereby made applicable to all contests of any such municipal election or primary so far as consistent with this act. The board of aldermen shall, not later than the second Tuesday after such election or primary, declare the result of such recount or contest, which

declaration shall be duly recorded by the city clerk and shall be final and conclusive. The city clerk shall retain all packages containing ballots returned to him, unopened, until the time for demanding a recount or contest has expired. In case of a recount or contest, they shall be produced by him unopened at the time and place of such recount or contest, and shall be opened by the mayor in the presence of the aldermen.

SECT. 20. With reference to the primary and municipal election for the year 1910, the duties imposed on the board of aldermen by the two preceding sections as to the canvassing of returns and recounts and contests shall be performed by the existing city councils in convention.

Election in  
1910.

SECT. 21. In case any officer chosen at a municipal election shall decline the office or die prior to the fourth Tuesday of January next following his election, the incoming board of aldermen shall fill the resulting vacancy at its first meeting in the manner hereinafter provided as to a like vacancy occurring after its inauguration.

Vacancies,  
how filled.

SECT. 22. At the primary preceding the municipal election for the year 1910, twelve candidates for aldermen-at-large shall be nominated instead of six, and six candidates for assessors nominated instead of two, and their names printed upon the official ballot to be used at such election. At such first municipal election there shall be chosen a mayor to serve for one year, one alderman from each ward to serve for one year, six aldermen-at-large, of whom the three receiving the largest number of votes shall serve for three years and the other three for one year, and three assessors, of whom the one receiving the largest number of votes shall serve for five years, the one receiving the next largest number of votes for three years and the other for one year. At each succeeding municipal election there shall be chosen a mayor to serve for two years, one alderman from each ward to serve for two years, three aldermen-at-large to serve for four years, and one assessor to serve for six years. The mayor, aldermen and assessors so chosen shall hold their respective offices from the fourth Tuesday of January next following their election, for the terms above specified and until their successors are chosen and qualified.

Terms of  
office.

SECT. 23. The mayor and aldermen so chosen shall meet at ten o'clock in the forenoon on the fourth Tuesday of January next following their election, in their capacity as the board of aldermen, for the purpose of taking their respective oaths of office, organizing, adopting rules for the transaction of business by such board, and transacting any other business required by law or ordinance to be transacted at such meeting.

Organization  
of mayor and  
aldermen.

SECT. 24. In case a vacancy occurs in the office of mayor by death, resignation or otherwise, the board of aldermen shall choose one of

the aldermen-at-large mayor for the residue of the unexpired term; and the person so chosen shall have the same powers and duties in all respects as if elected mayor by the people, and upon his qualifying as mayor his office as alderman shall be deemed vacant. In the event of the mayor's absence from the city, or disability from sickness or other cause, for such length of time as, in the judgment of the board of aldermen, renders such action necessary, such board may choose one of the aldermen-at-large acting mayor; and the person so chosen shall thereupon have all the powers and perform all the duties of the mayor during the continuance of the latter's absence or disability, but shall not thereby vacate his office as alderman.

Vacancies in  
other offices,  
how filled.

SECT. 25. In case a vacancy occurs in the office of alderman from any cause, the board of aldermen shall choose some duly qualified person not already a member of that body to fill the same. A person so chosen in place of an alderman-at-large shall thereby become a member of the board of public works, but shall not be eligible to fill a vacancy in the office of mayor or be chosen acting mayor under the provisions of this section; and if the alderman-at-large whose place he takes was elected for a term extending beyond the fourth Tuesday of January next following the first municipal election after the occurrence of the vacancy, he shall serve only until such municipal election, and an additional alderman-at-large shall be chosen by popular vote at that election to fill the vacancy for the remainder of such term. Whenever an additional alderman-at-large is to be chosen at a municipal election by virtue of this section, the number of candidates for alderman-at-large to be nominated at the preceding primary shall be double the total number of such aldermen to be chosen at such election, the three candidates receiving the largest number of votes at such election shall be declared elected for the full term of four years, and the candidate or requisite number of candidates receiving the next largest number of votes shall be declared elected to fill the vacancy or vacancies. Vacancies occurring in the office of assessor, and, in case any officers other than mayor, aldermen and assessors shall be required to be chosen by popular vote at municipal elections, vacancies occurring in such other offices, shall be filled by the board of aldermen for the residue of the unexpired term, or until the first municipal election after the occurrence of the vacancy and then by popular vote for the balance of the term, as above provided concerning vacancies in the office of alderman and in like manner.

Mayor, powers  
and duties of.

SECT. 26. The mayor shall be the chief executive officer of the city, and cause its laws and ordinances to be executed and enforced; shall exercise a general supervision over the conduct of all subordinate officers, and cause violations or neglects of duty by them to be punished; shall preside over all meetings of the board of alder-

men and of the board of public works (but in his absence from a meeting of either board it may choose one of its members temporary chairman); may call meetings of the board of public works, and special meetings of the board of aldermen, whenever in his opinion there is occasion; shall from time to time communicate to each of said boards, and to all subordinate officers, such information and recommendations relative to matters within their respective jurisdiction as, in his judgment, the interest of the city may require; and shall have and perform such other powers and duties, not inconsistent with the provisions of this act, as now are or hereafter may be conferred or imposed upon him by municipal ordinance or upon mayors of cities by general law.

SECT. 27. The mayor shall, at all times, have the right to introduce bills and initiate other measures in the board of aldermen, and to speak therein upon pending measures without resigning the chair; but he shall not be counted to make a quorum of such board, nor vote therein except in case of equal division. He shall have a negative upon all ordinances, resolutions and votes passed by it except such as relate (1) to the time, manner or order of its sessions or procedure, (2) to the filling of vacancies in its own membership, the choice of incumbents of other municipal offices or the filling of vacancies therein, or the confirmation or non-confirmation of persons appointed thereto by himself, or (3) to the determination of the nomination, election or qualification of candidates or officers nominated or elected at municipal primaries or elections, the determination of the fitness of applicants for licenses, the removal of municipal officers for cause, the assessment of land damages, or other matters of a judicial nature. He may exercise such negative by oral declaration at the meeting of the board at which the action by him disapproved is taken, or in the case of an ordinance, or of a resolution containing an appropriation or contemplating an expenditure of money, by written declaration filed with the city clerk within seven days thereafter, stating the grounds of his disapproval; and no ordinance, and no such resolution, shall take effect until the expiration of such seven days unless first signed by him. In the case of an ordinance or resolution containing distinct appropriations or other severable provisions, he may veto one or more of such appropriations or provisions and approve the remainder of the bill, plainly specifying above his signature thereto the items disapproved, whereupon the bill shall take effect in accordance with its terms except as to such items. No ordinance, resolution or vote, or part thereof, by him vetoed conformably to this section, shall take effect unless, on reconsideration, the same shall be passed over his veto by affirmative vote of at least ten aldermen on roll-call.

Same subject.

To be member  
of board of  
public works.

SECT. 28. The mayor shall be a member of the board of public works for all purposes, including voting and the counting of a quorum. He shall have no negative on the action of such board, but may in his discretion suspend the operation or execution of any vote or decision adopted by it until the same shall be approved by the full board of aldermen, by causing an order to that effect to be entered on the records of the board of public works, and communicated to each member of the latter board and any other persons affected, within seven days after the adoption of such vote or decision and before any obligations have been incurred thereunder. The matter shall thereupon be laid before the board of aldermen at its next regular meeting or at a special meeting called for the purpose, and the action of said board confirming, annulling or reversing the vote or decision of the board of public works shall, subject to the negative given the mayor by the preceding section, be final and conclusive.

Board of aldermen,  
powers and  
duties of.

SECT. 29. Except as herein otherwise provided, the board of aldermen hereby established shall have all the powers and discharge all the duties conferred or imposed upon city councils in convention, city councils voting concurrently, or boards of mayor and aldermen acting separately, by chapters 46 to 50 inclusive of the Public Statutes or other general laws now in force or hereafter enacted, or upon the existing city councils or board of mayor and aldermen of the city of Concord by special laws not hereby repealed. All provisions of such laws pertaining to the powers or duties of any of such bodies shall be construed to apply to the board of aldermen hereby established unless a contrary intent herein appears, it being the purpose of this act to confer upon said board all functions of either or both branches of the existing city councils, whether legislative, executive, administrative or judicial, except those conferred upon the mayor and the board of public works.

Committees of  
board of aldermen.

SECT. 30. The members of all standing committees of the board of aldermen shall be appointed by the mayor, subject to the approval of the board. No ordinance, and no resolution containing an appropriation or contemplating an expenditure of money, shall be laid before the board of aldermen for action until the signature of the mayor or alderman introducing the same, or, if introduced by a committee, the signature of such committee by its chairman, is endorsed thereon. Upon the final passage of every resolution or ordinance containing an appropriation or contemplating an expenditure of one hundred dollars or more, the vote shall be taken by yeas and nays on roll-call.

Board of  
public works,  
powers and  
duties of.

SECT. 31. The board of public works hereby established shall have full charge, direction and control of the construction, reconstruction, maintenance, repair and improvement of public streets,

highways, bridges, sidewalks, sewers and drains, of the sprinkling of streets, and of the collection and disposal of garbage, and full power to establish new and discontinue old public sidewalks, sewers, drains and street lights, within the limits of the city and of such sewer, sprinkling, garbage and lighting precincts therein as now exist or may hereafter be created by the board of aldermen. Subject to the right of the mayor to cause any vote or decision adopted by it to be reviewed by the full board of aldermen, the board of public works shall have and exclusively exercise and discharge relative to the foregoing subjects all the powers and duties now reposed by law or ordinance in the existing city councils, board of mayor and aldermen, street commissioner or any other officer or committee of the city, or in the selectmen or highway agents or surveyors of towns; *provided*, that nothing herein contained shall be construed as empowering said board to raise, appropriate or borrow money, to lay out new or discontinue existing highways, to enter into general contracts for street lighting, or to enact ordinances regulating the use of the highways and sewers or other local laws, these functions being hereby vested in the full board of aldermen.

SECT. 32. The board of public works shall have the expenditure of all appropriations voted by the board of aldermen for any purpose specified in the preceding section, and all bills for expenditures for such purposes shall be approved by a majority of its members before being paid by the city treasurer. The services of the city engineer shall be at the disposal of the board of public works at all times, and all work done by him regarding the subjects enumerated in the preceding section shall be under its direction. Said board shall employ a superintendent of streets and such other agents and employees as it may deem necessary for the proper execution of the details of the work under its charge, prescribe their duties, and fix their compensation; and such superintendent and other subordinates shall act in all respects in accordance with its plans and directions, and may be removed by it at pleasure. It shall have charge of all horses, vehicles, machinery, tools, materials and equipment owned by the city for the purposes of such work; may from time to time purchase all new equipment required for such purposes, and sell any discarded or surplus equipment; may make such regulations for its own government, and for the government of its subordinates and of the property under its charge, as it may deem expedient; and may, in its discretion, procure the performance of any work under its charge by contract, and for that purpose call for proposals and make and execute in the name and on behalf of the city a suitable contract therefor with the lowest responsible bidder, taking from him proper security for the performance of such contract; but no such contract shall call for the expenditure

of a sum exceeding the amount appropriated or available for such work.

To submit estimates of appropriations.

SECT. 33. The board of public works shall, as early as practicable in each year, submit to the board of aldermen or its committee on finance a detailed estimate in writing of the appropriations required for that year for the purposes referred to in the two preceding sections; and whenever at other times a special appropriation shall, in its judgment, be required for any of such purposes, it shall submit to the board of aldermen a written request therefor. The board of aldermen shall make no appropriation for any of such purposes, other than fixed charges and general maintenance and repairs, unless an appropriation for that purpose has first been requested by the board of public works; and the latter board shall undertake no highway or sewer work in the nature of new construction or permanent improvement unless an appropriation therefor has first been granted by the board of aldermen, nor undertake work of any kind, except in cases of emergency, the anticipated cost whereof will exceed the amount appropriated or available for the purpose. At the close of each year the board of public works shall make a detailed report to the board of aldermen of its doings for that year, which report shall be published with the reports of the other municipal departments.

To grant certain licenses and permits.

SECT. 34. The board of public works shall also have exclusive jurisdiction, subject to the laws of the state and to such lawful regulations in the premises as the board of aldermen may from time to time ordain for its guidance and for the public protection and convenience, to grant, deny and revoke permits and licenses for making excavations in, moving buildings along, or placing and maintaining poles, wires, pipes or other structures in, over or under the streets, highways or sidewalks of the city, to fix the terms and conditions of such permits and licenses, to prescribe and change the locations and compel the repair or removal of such structures, and to exercise within the city all powers by law conferred on boards of mayor and aldermen or other municipal officers relative to the location, relocation and manner of construction of street-railway tracks. Authority to grant permits for excavations and other temporary obstructions, and to designate the particular portions of streets in which structures there authorized shall be located, may be delegated by it to the superintendent of streets or other officers or agents, under such limitations as it may prescribe. Whenever any street, highway or sidewalk in the city is obstructed or occupied in any manner mentioned in this section without statutory authority or a permit or license from said board or its authorized agent, or in violation of the conditions of such permit or license or of its lawful orders, it may abate the offending obstruction or structure as a public nuisance.

SECT. 35. Except as hereinafter provided, the preceding section shall not be construed to prevent the opening of streets by the board of water commissioners and its subordinates for the purposes of the city water-works, or by the proprietors of gas pipes or other authorized structures therein for the making of needed repairs upon the same, without a permit from the board of public works; but no paved, concreted, asphalted or macadamized street shall be so opened without such permit except in cases of emergency or actual necessity; the portion of any street so opened shall be restored by or under the direction of the board of public works, and the expense thereof charged to the account of the water-works or paid by the private proprietors opening the same; and when notified that permanent improvements are to be made on any street, the board of water commissioners and the proprietors of all gas pipes or other private structures therein shall inspect their respective pipes and structures in such street, and make all needed alterations and repairs thereof, within such reasonable time as the board of public works may direct. So far as practicable, the boards of public works and of water commissioners shall conduct all work under their charge, involving the improvement or opening of streets, in accordance with permanent and harmonious plans; and to that end the mayor shall from time to time convene the two boards in joint session for consultation, so that each may be informed of the work planned by the other and arrange its own work conformably therewith.

Limitation of jurisdiction.

SECT. 36. There shall be in the city a board of assessors consisting of three members, who shall have all the powers and be subject to all the liabilities by law conferred or imposed on assessors of taxes in cities, and perform such further duties as the board of aldermen may from time to time prescribe by ordinance. The first members of such board of assessors shall be chosen at the municipal election for the year 1910, to serve for one, three and five years respectively from the fourth Tuesday of January, 1911, and at each succeeding municipal election one assessor shall be chosen to serve for six years from the fourth Tuesday of January next following, in place of the assessor whose term then expires, as hereinbefore provided; and vacancies occurring in the office of assessor from any cause shall be filled in the manner provided by sections 21 and 25 of this act.

Board of assessors, election and duties.

SECT. 37. The board of aldermen, on the fourth Tuesday of January in the years 1911, 1912, and biennially thereafter, shall choose one member of the board of assessors to act as clerk thereof for a term of two years; except that the term of the clerk chosen in the year 1911 shall be one year. In case the office of clerk shall become vacant from any cause, the board of aldermen, after filling the

Election of clerk.

vacancy in the board of assessors, if any, shall choose one member of said board to act as clerk thereof for the residue of such term.

Organization  
of board.

SECT. 38. The board of assessors shall meet for taking their oaths of office and organization at three o'clock in the afternoon on the fourth Tuesday of January, in the years 1911, 1912, and biennially thereafter. At such meeting they shall choose one of their number to act as chairman for a term of two years; except that the term of the chairman chosen in the year 1911 shall be one year. The member acting as clerk shall receive the sum of fifteen hundred dollars annually, and the other members each the sum of seven hundred and fifty dollars annually, in full for their services.

Offices and  
business hours.

SECT. 39. The board of assessors shall have an office in the city hall, assigned and furnished for that purpose by the board of aldermen. The clerk shall attend at such office regularly not less than six hours during the business hours of each day. Sundays and holidays and such reasonable leaves of absence as may be voted him by the board excepted; but he shall not be obliged so to attend in the afternoon of Saturdays. During his absence for any cause, another member of the board shall attend at such office daily during the regular office hours.

Meetings of  
board.

SECT. 40. The board of assessors shall hold regular meetings at such office for the transaction of business during stated hours, on at least two days in each week throughout the year. During the months of April, May, June and July at least one member of the board, in addition to the clerk, shall be in attendance at such office daily during business hours. And the board shall hold such additional meetings, in the day time or evening, as may be necessary to give all taxpayers a convenient opportunity to be heard.

Chairman  
of board.

SECT. 41. The chairman shall preside at all meetings of the board of assessors, and shall have a voice and vote, equally with the other members, on all questions coming before the board for decision.

Duties of  
clerk of  
board.

SECT. 42. The clerk of the board of assessors, with the assistance of the other members and such clerical assistance as may be furnished by vote of the board of aldermen, shall keep all the books, accounts and records of the board, conduct its correspondence, and generally act as its executive officer, subject to the direction of the majority of the board as to the methods of performing such duties.

Employment  
of assistants.

SECT. 43. The board of aldermen may by ordinance authorize the board of assessors to employ assistants, not exceeding one in each ward, to aid in making the lists of ratable polls, such assistants to be employed not exceeding two weeks in each year, at a compensation of two and one-half dollars a day. It may also, by ordinance, authorize the employment of such clerical assistance as may be required by the board of assessors, and fix the amount to be expended for such assistance.

SECT. 44. All books and records of the board of assessors shall be the property of the city, and shall at all times be open to public inspection during the office hours of the clerk.

Books and records.

SECT. 45. The accounts for the reasonable expenses of the board of assessors shall be certified by a majority of the board, and upon approval by the board of aldermen shall be paid by the city treasurer.

Expenses to be certified.

SECT. 46. The police court of the city, as at present constituted, is hereby continued. The board of police commissioners is hereby abolished, and the board of aldermen may enact such ordinances for the government of the police force as it deems expedient, not inconsistent with the provisions of this act or the laws of the state. The permanent police force shall consist of a city marshal, an assistant city marshal, a captain of the night watch, and so many regular police and night watch, not less than ten nor more than twenty, and so many permanent reserve police, as may be prescribed by ordinance; and the city marshal shall designate one of the regular police and night watch as sergeant and one of the permanent reserve police as captain of the reserve. No member of said force, except reserve members, shall engage in any other occupation, or hold any other state, county or municipal office. In addition to such permanent force, the city marshal may from time to time appoint such temporary special police as may be necessary or as the board of aldermen may authorize or direct, and dismiss them at pleasure. The officers and members of the permanent police force when this act takes effect, and those hereafter appointed, shall continue to hold their respective offices during good behavior; but the board of aldermen may remove the city marshal or assistant marshal for due cause as provided in section 48 hereof, and the city marshal may suspend for not exceeding sixty days, and subject to the approval of the board of aldermen may dismiss, any subordinate member of the force except the assistant marshal for insubordination, inefficiency, or any other cause deemed by him sufficient, which cause shall be specified in the order of suspension or dismissal. The board of aldermen shall choose the city marshal and assistant marshal whenever said offices become vacant from any cause; all subordinate members of the force shall, when vacancies occur, be appointed by the city marshal subject to confirmation by the board of aldermen; and in the event of an increase or reduction in the numbers of the force, the city marshal shall appoint such new members (subject to like confirmation) or dismiss such existing members thereof as may be necessary. The city marshal shall, under the mayor, have precedence, command, control and direction of the assistant marshal and all other police of the city, and shall cause the laws of the state and municipal ordinances to be executed

and enforced within the city, and perform all other duties imposed upon him by ordinance or upon similar officers by general law. In his absence the assistant marshal, and in the latter's absence the captain of the night watch, shall have such precedence and command and discharge such duties.

City clerk and  
other officers,  
how chosen.

SECT. 47. The city clerk, the city treasurer and all other officers established by law or ordinance, except school district officers, the justices and clerk of the police court, and officers whose selection is committed to popular vote or to the board of public works or otherwise provided for by this act, shall, in all cases where salaries or other compensation for services payable from the municipal treasury are attached to their offices, be chosen by the board of aldermen, and shall in all other cases be appointed by the mayor subject to confirmation by said board, and all vacancies occurring in such offices shall be filled in the same manner: *provided*, that heads of departments, the board of water commissioners and other like officers may be authorized by ordinance to select their respective subordinates, subject to such regulation in the premises as such ordinances may prescribe. In filling vacancies in the office of mayor or in its own membership, and in choosing assessors and all other officers whose selection is hereby committed to it and filling vacancies in such offices, the board of aldermen shall invariably act by *viva voce* vote on roll-call and not by ballot or other different method; and whenever said board shall decline to confirm or approve his appointment of any officer to be appointed by him, the mayor may again put the question and take thereon a yea and nay vote by roll-call. Except where otherwise provided by this act, the board of aldermen may by ordinance prescribe the times for choosing or appointing all officers to be chosen by it or appointed by the mayor, and fix their compensation and terms of office or make such terms of indefinite duration. But nothing contained in this section shall be construed to affect the exclusive power of the board of public works, under section 32 of this act, to select its own subordinates and determine their duties, terms of service and compensation.

Removals  
from office.

SECT. 48. The board of aldermen may, on specific charges and after due notice and hearing, at any time remove from office the mayor, one of its own members, the city marshal, assistant marshal, or a member of the board of assessors for prolonged absence from or other inattention to duty, mental or physical incapacity, incompetency, crime, immorality, or misconduct in office, by affirmative vote on roll-call of at least ten aldermen. Any other officer chosen by the board of aldermen may be removed by it at pleasure by majority vote; any officer appointed by the mayor may be removed by him at pleasure by written order, and no approval of such order by the board of aldermen shall be required; and any officer selected

by a subordinate board, department head or other like official under authority of an ordinance may be removed in such manner as the city ordinances may prescribe; *provided*, that the board of public works shall have exclusive authority to dismiss its own appointees and employees. The removal under this section, with or without cause, of a person elected, appointed or otherwise chosen for a fixed term shall give him no right of action for breach of contract; and vacancies thereby occasioned in any office shall be filled in the same manner as if the vacancy had resulted from death or other cause.

SECT. 49. No alderman shall, during his term as such, be eligible to hold any other municipal office except acting mayor, member of the board of public works, and volunteer member of the fire department; and no board or commission established in the city and empowered to select subordinates shall, except where expressly authorized by the law or ordinance creating it, select one of its own members for any position to which a salary or other emolument is attached.

Aldermen not eligible to other office.

SECT. 50. No alderman or other officer shall, during his term of office, sell to or buy from the city any goods or commodities otherwise than by open, competitive public bid; no member of the board of assessors shall participate in the appraisal for taxation of any property in which he is interested, either alone or with others, as owner, trustee, administrator, agent or attorney, or which is owned by a person, firm or corporation employing him or by a corporation in which he is a stockholder; and no member of the board of aldermen, board of public works, or any other municipal body invested by law or ordinance with discretionary powers and duties, shall vote therein relative to any matter in which he is interested otherwise than as a citizen and taxpayer. Any official violating any provision of this section shall forthwith be removed from his office by the board of aldermen under section 48 of this act, and shall, on conviction of such violation, be deemed guilty of bribery.

Municipal officers not to deal with city.

SECT. 51. The salary of the mayor shall be fifteen hundred dollars per annum, payable monthly. The salary of each alderman who is a member of the board of public works shall be two hundred dollars per annum, and the salary of each alderman not a member of the latter board seventy-five dollars per annum. The salaries of the aldermen shall be payable at the end of each financial year. There shall be deducted from the salary of each alderman the sum of three dollars for each regular or special meeting of the board of aldermen, and, if a member of the board of public works, for each regular or special meeting of the latter board, which the record of the city clerk shall show he failed to attend; except that a member of either board may be excused for unavoidable non-attendance at any of its meetings, by vote of a majority of the members thereof, and no de-

duction shall be made on account of such non-attendance if such excuse is voted. But engagements of a business or social nature shall not constitute a ground for such excuse. Unless otherwise provided by this act or by other statutes not hereby repealed or superseded, the compensation for services of all other city and ward officers, except appointees and employees of the board of public works, may be fixed by ordinance or determined in such manner as the city ordinances may prescribe.

Prior enactments, when saved or repealed.

SECT. 52. And it shall have no rights under this section until it shall have built a dam under this charter opposite the town of Vernon, Vermont, north of the mouth of the Ashuelot river. ## CHAPTER 328.

AN ACT TO AUTHORIZE THE AMOSKEAG MANUFACTURING COMPANY TO CONSTRUCT A DAM ACROSS THE MERRIMACK RIVER BELOW GOFF'S FALLS.

### SECTION

1. Authority granted.
2. Damages, how assessed.
3. Restriction of use.
4. Electric cables in streams.

### SECTION

5. Transmission of electricity.
6. Claims for damages, what included.
7. Void unless dam completed in six years.

*Be it enacted by the Senate and House of Representatives in General Court convened:*

Authority granted.

SECTION 1. That the Amoskeag Manufacturing Company, a corporation organized under the laws of this state, be and hereby is empowered and authorized to construct and maintain a dam across

the Merrimack river at any point on said river between the north bank of the Souhegan river and the head of Moore's falls, together with all necessary wings, retaining walls, canals, gates, flashboards, power-houses, and the necessary appurtenances, and such other structures as may be convenient and useful to develop, use and transmit the power created thereby. If it becomes necessary for the full and economical development and operation of the water-power of the Merrimack river at said dam to raise the height of the water in Cohas brook so as to flow or otherwise affect the water-power or other rights or property of the Devonshire Mills, on said brook, or to flow or drain the lands or property of other persons or corporations, said corporation shall have the power and authority so to do by proceeding in accordance with the provisions of section two of this act. *Provided always* that said corporation is granted no right or privilege to construct any dam or other structures which will raise the water of said river under the railroad iron bridge at Goff's falls, at time of flood, beyond the point where it would be raised if the dam should not be built, nor to any point that would endanger the safety of the bridge. And *provided further*, that the said dam and structures shall not interfere with the free use of said river as a public highway for floating logs. And *provided further*, that nothing in this act shall authorize the flooding of any existing steam railroad or electric railway tracks. And *provided further*, that the said dam of said corporation shall not flow back upon any embankment, road-bed, culvert or bridge of any such steam railroad or electric railway, until the same is properly and effectively protected against damage at the expense of said corporation, as hereinafter provided. Any required changes in the construction of any embankment, road-bed, culvert or bridge of any steam railroad or railway company shall be made by the railroad or railway company within a reasonable time after notice in writing from said Amoskeag Manufacturing Company of the general requirements and the deposit with the state treasurer of an amount of cash equal to one and one quarter of the estimated cost of such changes, or the giving to the railroad or railway company security satisfactory to it for the due payment of such expense. In case of a disagreement between said corporation and any such railroad or railway company as to method and construction of said protection and its effectiveness, or the necessity therefor, or as to the cost of said protection, the same shall be determined by a justice of the superior court for the county of Hillsborough in a proceeding in the nature of a bill in equity filed by either party in said court, and if the estimate of costs is increased by the findings of the court said Amoskeag Manufacturing Company shall make a corresponding increase in the amount of its deposit with the state treasurer,

and if at any time after the construction of said dam it shall be found by the railroad or by the railway that additional protective works are required to safeguard its bridges, culverts, embankments or other structures or property, such work shall be done by the railroad or the railway at the expense of the Amoskeag Manufacturing Company in the same manner and under the same conditions as herein provided for doing the first or original constructive work made necessary by the construction of said dam, and all work at any time done to protect the railroad or railway property from the effects of the operations of the Amoskeag Manufacturing Company at the dam authorized by this act shall be at the expense of said Amoskeag Manufacturing Company. It shall be the duty of said corporation at all times to fully, properly and efficiently protect the railroads, railways and highways and sewers that may be affected by the construction of said dam or any of its appurtenances, and to compensate said railroads, railways and the cities and towns in which said highways or sewers are located, respectively, for all injury or damage sustained by them, or any of them, in consequence of the construction or operation of any dam, dams or other work done or structure erected by said corporation under the authority of this act.

Damages, how  
assessed.

SECT. 2. If it shall become necessary, as set forth in section one of this act, at any time for said corporation to flow or drain any lands or property and it cannot agree with the owner of such lands, property or rights upon a price therefor, then it may file a petition in the superior court for the county in which the lands or property lie, which petition may be filed in term or vacation, describing the particular lands, property or rights to be taken, and praying for an assessment of the damages of the owner for such taking, and thereupon lawful process shall issue with the order of notice to the owner, which shall be served on the owner as required by the order, and at said term, or at the next term of said court if filed in vacation, the owner may elect a jury trial as to the assessment of damages, and his damages shall be assessed by a jury, and judgment shall be entered thereon as provided in sections 16 and 17 of chapter 142 of the Public Statutes and amendments thereof; and upon payment or tender to the owner by the corporation of the amount of the judgment said corporation shall be vested with the title to the land, property or rights. But if the owner elects that the petition be referred to a board of referees or to the county commissioners, it shall be so referred, and they shall proceed as county commissioners proceed in hearing and determining appeals from the award of damages in laying out highways, and judgment on their report shall be final; and upon payment or tender to the owner by the corporation of the amount of the judgment, said corporation shall be vested with the

title to the lands, property, or rights. But however the damages are assessed, if the owner does not accept the amount tendered to him, it shall be deposited with the clerk of the superior court of the county in which said proceeding is pending, subject to the owner's orders, before the corporation shall enter upon any land taken, or use or exercise any rights, privileges or interest taken.

SECT. 3. The use of any dam erected under the provisions of this act shall be subject to the use of the water of said Merrimack river and its tributaries as now made and exercised by the owners of existing dams on said river and its tributaries above said Moore's falls, and this corporation shall have no right to claim or demand from said owners of existing dams, any other or different use of the water of said river or tributaries than that now made and exercised by them. No permanent dam erected under the provisions of this act shall be of a greater height than sixty-two feet below the crest of the stone dam of the Amoskeag Manufacturing Company at Amoskeag falls in Manchester, but this restriction shall not be construed to prevent the attaching to said dam of temporary flashboards of such width and height as may be necessary and convenient for the due utilization of the water-power at said dam.

Restriction  
of use.

SECT. 4. Said Amoskeag Manufacturing Company may lay suitable cables upon the bed of any river or stream from bank to bank to be used for transmission of electric currents for all purposes set forth in this act, and may use any other method or appliances for transmission of said currents across said rivers or streams, but not in any such manner as to obstruct the full and free use of said rivers or streams as public highways.

Electric cables  
in streams.

SECT. 5. Said Amoskeag Manufacturing Company may transmit to its mills in the city of Manchester the electricity developed at said dam by metallic wires or any other suitable means of transmitting the same upon poles erected in the public streets or highways in such cities and towns of New Hampshire as may be necessary, the consent of the authorities of such towns and cities being first obtained as required by law. Nothing contained in this act shall be construed to give said corporation the right to erect poles, extend wires or lay cables, erect buildings, or in any other way make use of the location, lands, or interest in lands of the Concord & Montreal Railroad or the Boston & Maine Railroad, or the Devonshire Mills, *provided, however*, that said corporation may extend its wires or cables across said railroad location or under ground in such manner and upon such conditions as may be determined by said railroad.

Transmission  
of electricity.

SECT. 6. All claims for damages to the property of any person, company or corporation, city, or town, and claims for cost or expense in protecting such property from injury or damage, as hereinbefore provided, caused by the construction and maintenance of

Claims for  
damages, what  
included.

said dam or its appurtenances, shall include any damage or expense caused by the going out of said dam, or by any insufficiency, defect or want of repair therein.

Void unless  
dam completed  
in six years.

SECT. 7. The provisions of this act shall be inoperative and void unless said dam shall be completed within six years from and after its passage.
